

LA CLATE COSMIC ROCK

BIO

Blast Off with La Clate: A Cosmic Rock Experience!

Since signing with us in 2021, La Clate has redefined rock with their electrifying fusion of horns and guitar. This French-British band brings an unorthodox twist to the genre, featuring a trumpet and saxophone that steal the spotlight, backed by a wild guitarist, a bass saxophone, and pounding drums.

FUSÉE SANS PERMIS - 2024

La Clate invites you aboard their cosmic adventure—an old spaceship that's broken down on Earth. To gather enough energy to return home, they're hosting a series of unforgettable concerts that blend heavy rock, witty lyrics, and irresistible horn melodies. With influences from iconic acts like The Hives, Arctic Monkeys, Frank Zappa, and Fela Kuti, their eclectic sound will keep you on the edge of your seat.

CONCERT ON FIRE

The end of the world Tour

Pyrotechnical concert | Length : 1h15 | Capacity : 300 to 10.000 | From 6 to 99 years old.

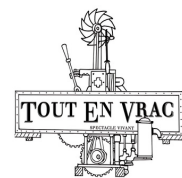

2024 Creation

Concert on Fire: The End of the World Tour

Is this just another concert? Or is it something entirely different? Picture this: a Ford Taunus 1.2 12M from 1968, barely holding together, becomes the stage for an explosive show! With pyrotechnics and fireworks lighting up the night, La Clate delivers a high-energy performance that feels like the end of the world—raw, intense, and utterly unforgettable.

Join La Clate for a night filled with humor, sarcasm, and absurdity, as they cleverly critique modern society through their cosmic lens. This is your chance to experience a rock concert like no other—a celebration of sound, energy, and the joy of live music.

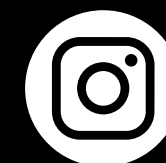

Don't miss out—grab your tickets now and prepare for a night that promises to be as thrilling as it is entertaining!
